

## REPAIRS ARE EXPENSIVE

SO IT IS well to consider this fact when buying a new range.

Have you stopped to consider the amount of money spent for repairs on that Old Cook Stove or Cast Iron Range you have? To this add the express charges and the time lost waiting for the repairs, and you will find that your present Cooking Apparatus cost you a great deal more than

### A Great Majestic Range

a range that is made of non-breakable Malleable Iron and Charcoal Iron. The range that, if properly handled,

**COSTS NOTHING  
FOR REPAIRS**

## THE GREAT MAJESTIC RANGE

lasts three times as long as a cheap range, but it doesn't cost three times as much.

## Malleable Iron

Is absolutely necessary for perfectly air-tight joints. It is non-breakable and can be riveted. The MAJESTIC Range is made of MALLEABLE IRON; all joints are riveted perfectly air-tight. No heat escapes or cold enters range, thus heating the oven quick and right, with about half the fuel used in a range made of cast iron, where joints must be bolted and pasted together with stove putty.

**All Ranges will work right at first and until the bolts and stove putty get loose, then trouble commences**

You are compelled to use twice the fuel, not only running your fuel bill up, but burning out your range and increasing the repair bill, to say nothing of its short life. With

### A Majestic Malleable and Charcoal Iron Range

where all parts are so constructed they can't come loose, your repair and fuel bill is small and life of range three or four times as long.

**Consider this point thoroughly, and remember that the cheapest is not always the least expensive**

### Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of an exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by Barclay & Groover, druggists.

### From Senator J. B. Johnson.

Editor Democrat:—I have had a number of applications for copies of the Senate Journal. It costs the State quite a sum to print 1600 copies of this journal every day, and I am trying to eliminate this item of cost as far as possible. Further than that, if one citizen in the county is entitled to a copy of the Daily Journal, then each citizen in the county is entitled to one.

Now to eliminate this expense as far as possible, and in order that each citizen in the county might feel that he has a property in the Senate Journals, I am mailing five copies of this journal as follows: To the Clerk of the Circuit Court, to the County Judge, to the Tax Assessor, the Tax Collector and to the Superintendent of Public Instruction. The above are to be public property for the use of any who might desire to read them.

J. B. JOHNSON.

Tallahassee, Fla.

The Earnest Workers of the Methodist church will give a dollar social soon, which is rather novel. Each member having made a dollar will tell in poetry how she made it. The new pipe organ is here and these Earnest Workers desire to have all their friends take some stock in the beautiful instrument.
